This October, to celebrate **International Day of the Girl**, thousands of people around the world will come together to learn about critical issues affecting women and girls through ConnectHER's global film screenings. This is an opportunity where anyone, anywhere can support and share authentic stories about women and girls.

Screenings will take place worldwide in October 2020.

Our International Day of the Girl Film Screenings feature films from ConnectHER's global community of student filmmakers, focusing on 5 key issue areas impacting women and girls.
